

How to run the code:

<> npm install dotenv

<> npx playwright install

<> npm run start

A terminal window with a black background and white text. The prompt is 'PS C:\Users\Aayushi\Downloads\fispan>'. The command 'npm run start' is entered. The output shows three lines: '> start', '> node TransferFunds.js', and three lines of status messages: 'Login successful', 'Transfer successful', and 'Logout successful'.

```
PS C:\Users\Aayushi\Downloads\fispan> npm run start

> start
> node TransferFunds.js

Login successful
Transfer successful
Logout successful
```

Username and password are stored in and .env file for security.
